RECUMBENT CYCLE

Make low-impact cardio possible for members of all kinds with the comfortable design of our recumbent cycle.

Our Endurance Recumbent Cycle is ideal for heavy use in professional fitness facilities where space is at a premium and budgets need to stretch further. A recumbent design with an ergonomic seat and back distributes weight for superior support, while smart features streamline service and maintenance to maximize uptime.

Intuitive one-handed adjustment fine-tunes the seat to users of different heights, contoured handlebars fit the hand naturally, Ergo Form seat and back pad make even long rides comfortable, and self-balancing pedals make it quicker and easier to get started.

Conveniently placed controls provide tactile feedback, and low step-over height offers easy entry and exit. Includes bottle holder and accessory tray.

Top-down leveling, an integrated transport handle and a three-piece crank with forged arms and integrated pullers streamline service and maintenance.
