

# Joerns® EasyCare® Series

leading bed evolution

**Joerns® EasyCare® Series** The new Joerns EasyCare series provides best-in-class quality and features for a variety of your resident care needs while meeting your facility's budgetary concerns. The EasyCare series adjustable-height low bed has a proven grid-style mattress support platform that provides security for resident positioning, a CenterLine™ steering system for easy maneuvering and a Toroidal frame that is 30 times as strong as standard angle iron steel. The mobility, staff control and assist device/handle options allow facilities to purchase the right bed for the right resident needs, at the right price. Improve fall management by adding nearly 20% to the surface width with the CareWide Kit with tool-free installation!

## Features

- 1 **Toroidal architecture** engineering of the bed's steel frame is up to 30 times stronger than angle iron
- 2 **Therapeutic grid surface** offers improved air flow and ultimate support for the sleep surface
- 3 **Four-section mattress support platform** offers full range of comfort and therapeutic positions, which may reduce skin shear
- 4 **Attractive bed panel options** available in a wide array of designs and finishes
- 5 **Staff control** allows caregivers flexibility to select which features may be adjustable by the resident (option)
- 6 **EasyLift Leg Lift** provides quick positioning for improved circulation (EasyCare 5, 7, and 9 models)
- 7 **Revolutionary arched legs** deliver a super-strong wide stance for equipment clearance
- 8 **Four DC motors** supply amazingly quiet and smooth operation
- 9 **7-inch to 30 inch travel range** offers safety, whether resting at an ultra low height or providing care at the higher height (EasyCare 5, 7, and 9 models)
- 10 **Assist devices** have superior functionality and perfect grip height
- 11 **UltraLock** is standard (EasyCare 7) at the foot end with Centerline steering at the head to maximize security and mobility at any height (EasyCare 9 optional)

### AdvanceCare

features gravity-assist for easier and safer repositioning. Utilize Comfort Chair functionality for comfort, relaxation, improved circulation, and more ergonomic care by bringing the resident closer to the caregiver (EasyCare 9 only).

*EasyCare 7 shown*

## EASycARE BED SERIES

Roll at Any Height shown

### EasyCare 9

- Strong Toroidal Subframe Architecture
- Roll at Any Height or Roll in Low\*
- Travel Range of 7" to 30"
- Staff Control\*
- UltraLock with Centerline steering\*

### EasyCare 7

- Strong Toroidal Subframe Architecture
- Roll at Any Height
- Travel Range of 7" to 30"
- Staff Control\*
- UltraLock with Centerline steering

### EasyCare 5

- Strong Toroidal Subframe Architecture
- Roll in Low
- Travel Range of 7" to 30"
- Staff Control\*

### EasyCare 3

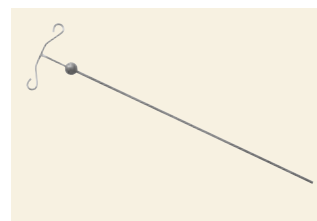

- Strong Toroidal Subframe Architecture
- Roll in Low
- Travel Range of 8¼" to 27"
- Staff Control\*

## ACCESSORIES

### CareWide

CareWide width extension kit transforms the EasyCare to 39" or 42" instantly without tools. Great for added comfort and fall prevention.

### IV Rod

The IV rod is adjustable in height to appropriately locate fluids dependent on bed position.

### 4-Inch Extender

The 4" extender is designed to extend the mattress support platform an extra 4 inches. This allows the use of the 84" mattress on an 80" bed, or an 80" mattress on a 76" bed.

### Trapeze and Trapeze Adapter

The trapeze is adjustable to accommodate residents' reach. Additionally, it has three working positions to provide even greater flexibility.

## ASSISTS

### Deluxe Assist Handle

The assist is mounted at an ergonomic height to best assist residents in and out of bed, and has an integrated pendant holder on each side. (EasyCare 9 pendant shown)

### Assist Device

Features a low profile design, avoiding feeling of restriction or restraint for the resident. Mounted at the perfect ergonomic height to assist residents in and out of bed.

### Assist Handle

Ergonomically designed to assist residents in and out of bed.

## BED SYSTEM OPTIONS

### Joerns PrevaMatt Foam Mattress

Our Deluxe and Elite mattresses with or without TEMPUR® material feature special mattress construction to keep residents in place when contouring.

### Joerns Air System

Our complete line of therapeutic air systems include advanced functionality of CairRails and unique designs to enhance your wound management program.

# JOERNS® EASYCARE® SERIES SPECIFICATIONS

## Frame Construction

- All major structural components, including mattress support platform, are designed with steel tubing and provide the utmost in structural stability

## Additional Information

- All exposed steel surfaces are coated with epoxy powder paint
- Fasteners, screws, rivets and other non-painted parts are corrosion resistant
- All control switches are of momentary contact design
- Head panel is easily lifted off the bed to allow for CPR in emergency situations

## U.S. Patents

- 6473922, 6474869, D445, 614 Other Patents Pending

## Certifications — ETL Listed

- USA:** Conforms to UL 60601-1, 1st ED., 2003
- Canada:** Certified to CAN/CSA C22.2 No. 601.1-M90, CAN/CSA STD C22.2 NO. 60601-2-38-03
- International:** Conforms to IEC 60601-2-38, First ED., 1996, IEC 60601-2-38, Amendment 1, 1999

## Environmental Conditions

### Operating Conditions:

- Ambient Temperature: +10°C to +40°C
- Relative Humidity: 30% to 75% Non-Condensing
- Atmospheric Pressure: 700 hPa to 1060 hPa

### Storage and Shipping Conditions:

- Ambient Temperature: -40°C to +70°C Relative
- Humidity: 10% to 100%
- Atmospheric Pressure: 500 hPa to 1060 hPa
