

Large Screen Systems

Larger Screens for an Enhanced Resident Experience

Bring the enjoyment and engagement of iN2L's 4,000+ content items to residents on an easy-to-see-and-touch big screen. Perfect for ensuring maximum visibility and engagement in both group activities and individual interactions, our large screen systems offer:

- Icons that are larger and easier for residents to see
- Content that is easier for residents to touch and interact with accurately
- Larger screens to promote reaching and moving as part of activities
- Full functionality as a TV
- Flexibility as a wall-mounted or movable system

Over 4,000 Content Items Support the Core Dimensions of Wellness
