Product Description: The Drake features an elegant wood frame with striking lines, supportive plush seat and a detachable lumbar pillow. A real conversation piece with both style and functionality. Developed with the contract market in mind, vented seat cushions with moisture barrier protection are standard.

Status: Active

Finish: There are 14 wood finishes available on this item.

Features: Commercial-grade solid hardwood frame for strength and stability

Commercial-grade foam and filling materials for maximum resiliency

Moisture barrier on seat cushion and seat deck to help manage spills

Back pillow tethered to frame to help prevent accidental separation from chair

Pillow: Tethered Back Pillow: 22"W x 28"H

Material: Fabric

Finish Construction: Finishes of unmatched sophistication, depth and clarity are produced by our multi-step finishing process. The process begins with hand sanding for a superior appearance and feel. Some finishes feature hand "distressing," which gives each piece its own unique character and richness. The frames then progress through the steps of staining, wash coating, sanding, glazing, spattering, dry brushing, sealing and finally, lacquering, to provide sheen and protection.

Frame Construction: Solid, kiln-dried hardwood frames with double doweled and mitered joints, which are glued and screwed with corner blocks to provide strength and stability. Hand-sanded frames provide a superior finish.

Seat Back: Loose back cushion of 7 denier poly fiber, encased in a moisture barrier ticking with tether.

Seat: Loose seat cushion on fixed seat deck with moisture barrier. H Contract Classic seat cushion is standard, comprised of 2.3 density, 35 lb. high resiliency foam encased in a moisture barrier cover. Optional upgrade to Comfort Zone or Spring Luxe seat cushion available to specify.

Fabric: H Contract seating products are available in thousands of commercial-grade textiles including wovens, vinyls, and polyurethanes from the industry's finest sources. All specified textiles must meet or exceed the requirements of the State of California, Department of Consumer Affairs, Technical Bulletin 117-2013.

COM Fabric Yardage Required 54-inch Plain: 5.5

Trim: 1/2" Nailhead trim included. Choose from Pewter, Brass, Vintage, or Black Nickel nail finish. Available without nailhead trim upon request.
