The Montreal Dining Chair is nonstacking.

Cushion Details:
Seat: 1½" thick, 1850 high-density FR foam.
Back: 1" thick, 1030 high-density FR foam.

Finish Details:
A wide range of standard finishes is available, and custom finishes are available upon request for an upcharge. All wood dining chairs are finished using a 9-step process that enables the chair to perform very well in a commercial environment.

* Fabric requirement for one chair includes the seat and backrest
* COM (Customer's Own Material) is not recommended because of the fees associated with international customs
* The estimated fabric requirement is based on 54"W (137 cm) material. The actual amount required may vary depending on pattern, pattern matching, material width or use of multiple fabrics
* The fabric on the backrest is visible from the rear view of the chair
* Different fabrics on seat and backrest is possible

Wood Details:
Species: 100% solid European beech hardwood.

Construction:
Mortise-and-tenon joints. Glued with high-solids wood glue and reinforced with 18-gauge nails, corner blocks and low-root woodscrews. Seat decks have a woven elastic nylon mesh support.

Floor Glides:
All chairs ship standard with white nylon floor glides. Optional floor glides include small and large metal, large white nylon and felt.

Regulations:
All chairs are CA117-2013 and TSCA Title VI certified. Chairs pass BIFMA X5.5 2014 Seating Standards. CA133 is not available.

Packaging:
Single chair ships upright in a box.

Warranty Information:
10-year limited warranty on the chair frame. Warranty does not cover damages to chair or surfaces caused by in-line wheels or casters. 1-year limited warranty on the seat and backrest foam. Fabric manufacturer's warranty on fabric.
