sensor storage

Attendant[®] Handheld Pulse Oximeter

Durably designed for Senior Living and backed by a 3-year warranty!

The Direct Supply[®] Attendant[®] Handheld Pulse Oximeter provides quick and reliable measurements of arterial oxygen saturation (SpO₂), and also displays pulse rate. The data is displayed on the large, easy-to-read screen in either waveform or large numeric formats. It's portable, handheld and provides quick, accurate readings so you can provide superior resident care.

Unique Features

- Built-in probe storage helps protect probe when not in use
- Optional sock-style probe design is ultra-durable compared to traditional clamp-style probes
- Easy-to-use buttons allow you to effortlessly navigate the menu and turn alarms on and off
- Includes protective silicone boot
- Comes standard with four AA batteries; optional rechargeable battery pack and charger base also available

Specifications

- Automatically shuts off after 30 seconds of no use
- Four AA batteries provide 48 hours continuous use
- 3-year warranty on unit

Pack and Charging Base

Attendant® Handheld Pulse Oximeter Rechargeable Battery Pack and Charging Base

The Direct Supply® Attendant® Handheld Pulse Oximeter Rechargeable Battery Pack and Charging Base allows you to convert your Attendant Handheld Pulse Oximeter from disposable alkaline batteries to a rechargeable nickel metal hydride battery pack. Your handheld pulse oximeter will still provide fast, accurate, comfortable SpO₂ and pulse rate readings, but with the Rechargeable Battery Pack and Charging Base, now you simply dock the pulse oximeter in the handy charging station and it will be automatically recharged – no need to remove and replace batteries on a regular basis anymore!

Rechargeable Battery Pack and Charger Base Features

- Battery pack is fully recharged in 4 hours, 80% charged in 2.5 hours
- Battery pack lasts for 30 hours of use before needing to be recharged
- 1-year warranty
- Indicator light shows when the pulse oximeter is charging in the docking station
- Base, battery pack, power cord and user's manual come packaged as a kit (#16666); rechargeable battery packs are also available separately (#16667)
