

Attendant® Connected Vital Signs Monitor

Fast and accurate
with EMR connectivity
for diverse resident
populations*

- ➔ Alaris® Oral/Axillary Temperature Probe reliable temperature readings
- ➔ Get accurate, noninvasive blood pressure readings in under 30 seconds with A&D Medical Noninvasive Blood Pressure (NIBP)
- ➔ Complete SpO₂ and pulse readings in 10 seconds

Why connected vital signs monitors are important in Senior Living care

The Attendant® Connected Vital Signs Monitor puts accurate information where you need it, when you need it. Improve the way your residents' vital signs for are stored and shared with connectivity hardware that allows:

- ➔ Fewer opportunities for manual transcription errors
- ➔ Delivery of vital signs measurements to a resident's electronic medical record
- ➔ Faster vitals collection process

Capture and document vital signs faster, easier and more reliably with the Attendant® Connected Vital Signs Monitor

Features:

Industry-recognized measurement parameters – Alaris® Oral/Axillary Temperature Probe, A&D Medical Noninvasive Blood Pressure (NIBP)

Fast, accurate readings – completes NIBP readings in under 30 seconds and SpO₂, pulse rate and temperature readings in under 10 seconds

Flexible monitoring options – spot-checking for routine nursing care or continuous monitoring for residents who require closer observation

Digital display – large digital display with adjustable brightness allows for easy readings

Durable mobility – easily move from room to room with optional stand or carrying handle

Battery – fast-charging lithium-ion battery operates for up to eight hours

Infection control – unit and accessories can be wiped down with premoistened isopropyl alcohol wipes

Limited warranty – 2-year limited warranty on unit, 6-month limited warranty on accessories

What's included – temperature probe, box of probe covers, two adult A&D Medical blood pressure cuffs (adult, adult large), pulse oximeter and all necessary cables

EMR ready (for select EMRs)* – additional components required for connectivity; call your account manager for pricing and availability, or learn more at DSsmart.net.
