

With
recordable
voice option!

With optional pad life alerts and
optional breakaway cords!

Attendant® Deluxe Voice Alarms

Safe – Simple – Affordable

Benefits

- **Customizable alarm** – record your own messages to assure residents in a calm, familiar voice that help is coming
- **Alarm delay** – three-position alarm delay adjustment; 0, 1 or 2 seconds; if pressure is restored within this time, no alert is sounded
- **Timed Pads** – optional self-timing pads help maintain F-Tag compliance by tracking usage and ensuring resident safety
- **Nurse call capability** – allows for call cord accessories to connect the alarm with most hardwired nurse call systems
- **Volume options** – three-position volume adjustment; silent, 98 dB low or 108 dB high at a distance of 10 cm
- **Automatic reset** – shuts alarm off when pressure is reapplied to pad, reducing false alarms
- **On/off switch** – no switch means alarm is never accidentally turned off
- **Protective boot** – comes standard
- **Low pad life alert** – special pads automatically count down, and send audible or visual alerts when pad life is near expiration
