## Attendant Fingertip Pulse Oximeter

## Attendant Fingertip Pulse Oximeter Sock-Style

Attendant Fingertip Pulse Oximeters are fast and accurate, completing any SpO<sub>2</sub> and pulse rate measurement in less than 30 seconds. These fingertip pulse oximeters are portable and lightweight, weighing only 2 oz. and can be easily carried on a lanyard or in a pocket.

### Both include the following features:

- Easy to read color LCD with adjustable brightness
- Six display screen options provide the readings you need in different orientations
- Use standard AAA batteries
- Display pleth waveforms and perfusion bar graphs
- Screen indicates when battery power is low
- Shut off automatically after 8 seconds of no use to save battery power
- Cleanable with hospital grade ethanol or isopropyl alcohol
- 2-year warranty

### Attendant Fingertip Pulse Oximeter

- Includes protective silicone boot
- Traditional hinged clip style is easy to use
- Uses two AAA batteries to provide 30 hours of continuous use

#### Attendant Fingertip Pulse Oximeter
