Max Absorbed Power	3700 W	4800 W	3700 W	4800 W
Voltage & Frequency	220 V / 60 Hz			

GENERAL MACHINE ENVIRONMENT

- ☐ The installation area is clean and clear of dust and tools. It is not located in an active construction zone.
- ☐ The counter accommodates the machine size and weight (refer to model table).
- ☐ An access hole has been pre-drilled in the counter for drainage and power in accordance with model installation template.
- ☐ Hole in counter is fitted with a collar to protect electrical cord, water line & drain tube.
- ☐ Machine can safely be installed with a minimum clearance of 3" from the back wall, 4" on each side and 12" on top.

ELECTRICAL REQUIREMENTS

- ☐ Power outlet receptacle is: NEMA 6-20R (**2-Group** models) or NEMA 6-30R (**3-Group** models).
- ☐ Dedicated electrical circuit meets the Vetro model power requirements.
- ☐ No extension cord or power strip on the circuit.

WATER REQUIREMENTS

Pressure & Hardness

- ☐ Pressure is between 44 PSI & 116.03 PSI.
- ☐ pH range is between 6.5 and 7.5.
- ☐ Hardness (TDS) is between 89 PPM and 142 PPM.

MANDATORY – Machine water line must be equipped with a water filtration system with softness/filtration capabilities and a descaling device.

Water Network

- ☐ The water network provides cold, drinkable tap water.
- ☐ Dedicated 3/8" diameter water line.
- ☐ Shutoff valve with a 3/8" G male pipe fitting on machine's end.

HIGHLY RECOMMENDED – Connection to a floor drain in accordance with local health code.

Please allow a minimum of 10 business days for order processing/installation scheduling

Signature: _____ Date: _____

Agreement

I sign and send this form completed as a confirmation that the installation site is compliant with the requirements of the model listed above. This is the official request to schedule the installation with an Evoca North America certified technician.

I acknowledge that my company will be charged if a second installation visit is required in the event that the installation site is not compliant with all the Site Preparation Checklist requirements.

I acknowledge that non-compliance with any of the elements listed in the Site Preparation Checklist will affect the warranty coverage of the machine.
