

FOOD PREPARATION

RELY ON ROBOT COUPE® SOLUTIONS

FOR ALL YOUR
TEXTURE-MODIFIED
MEALS

robot coupe®

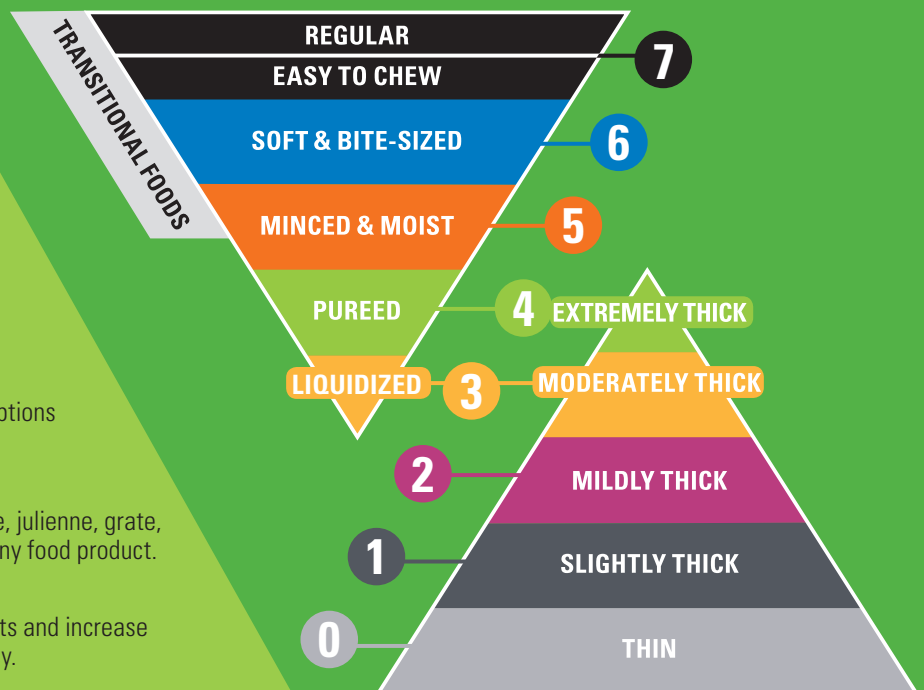

- Robot Coupe Blixers produce texture-modified meals with no loss of nutrients and can meet most IDDSI specifications. Plus, there is no need to use additives or thickeners with the products when using a Blixer.

Robot Coupe offers 15 different size machines to fit every kitchen, regardless of size.

- Robot Coupe features more than 90 different machines offering a large selection of blade options for virtually any food processing need.
- Robot Coupe has machines that can slice, dice, julienne, grate, mince, emulsify, juice, mix and blend almost any food product.
- All Robot Coupe machines decrease labor costs and increase productivity, creativity, quality and consistency.
