

*This mattress may be appropriate for stage I or II pressure wounds.**

Firm Side

Soft Side

Benefits

- Patent pending mattress has a firm side and a softer side, providing two clear comfort options to choose from
- Made with high-resiliency foam to provide good recovery and ultimate comfort
- Four-layer foam core provides pressure redistribution on both sides
- Firm middle layer helps prevent sitting through or bottoming out and provides additional support to the therapeutic top layers
- Built-in firm perimeter makes for easier transfers and serves as a gentle reminder to help prevent falls
- Softer side features the same top layer of foam that is found in the heel section for increased comfort
- Super-soft heel section on both sides of the mattress provides comfort and cradles the vulnerable heel area from increased pressure
- Specially designed mattress cover indicates which firmness side is up
- Cover features flap over the zipper to help protect skin and help prevent fluid from seeping in
- Breathable 4-way stretch cover wicks away moisture and allows for maximum immersion

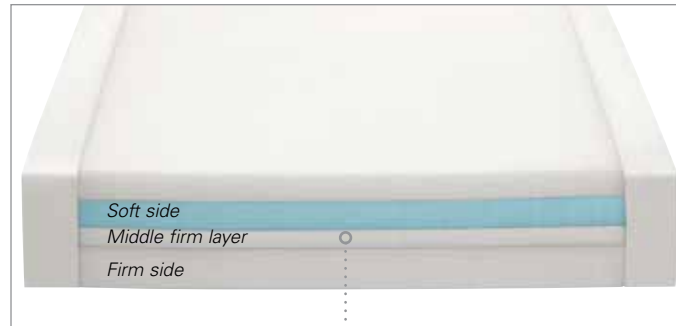

Specifications
