

Disposable Tray

Earth-Friendly Food Service

Make meal delivery safe, easy and efficient by using single-use bagasse disposable trays. These natural trays are constructed of sugar cane and are certified compostable and biodegradable. Complement your patient meals with an earth-friendly tray that is both durable and attractive!

Benefits

Natural Material

Natural sugar cane material is biodegradable and TUV compostable certified

Disposable

Designed for single-use meal delivery and ideal for times when dishwashing equipment is down

Superior Strength

Strong and durable enough to be used as stand-alone trays in meal delivery carts

Molded Channels

Reduces plate and beverage slippage

Easily holds full traytop set up

Perfect for healthcare, schools, universities and correctional facilities

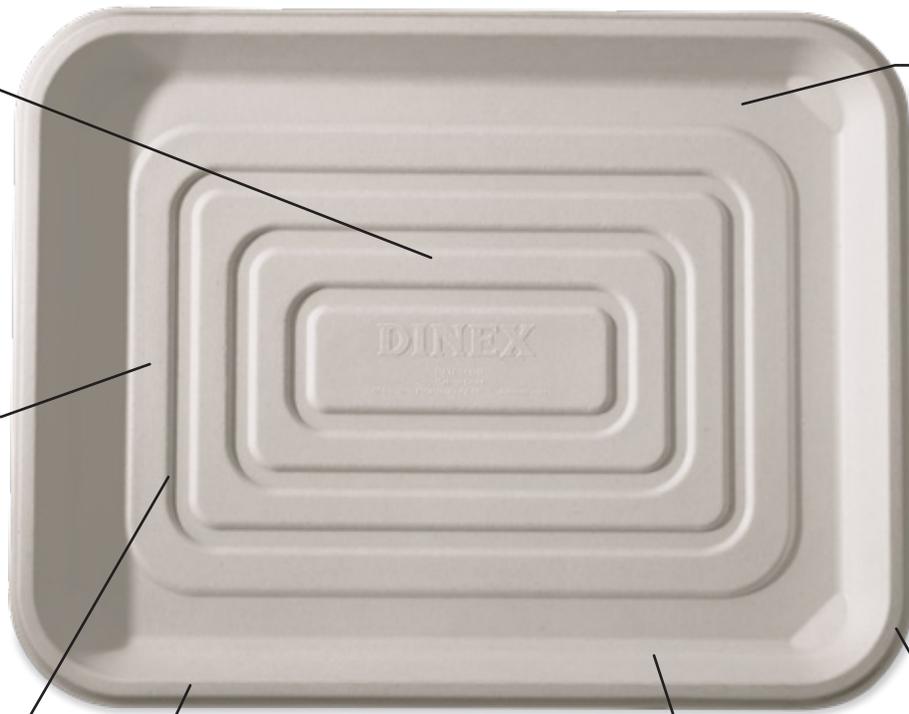

Recommended 5 lb. weight limit

Tray can support itself during transport; no support tray needed

Strong enough for use with meal delivery carts

Use with Dinex TVL, TQ Economy (ICT), TQ and TQ Supreme carts

Meets emergency-preparedness requirements
