SC900DLX

SHOWN WITH OPTIONAL PAN DECK

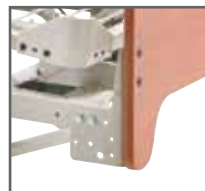

The SC900DLX is a full-function, full-feature, low-height bed that promotes quality resident care with full bed performance. Its three DC motors provide ultra-quiet operation of the head, hi-low and foot functions of the bed. Plus, the horizontal travel range of the SC900DLX is designed so that the bed will not damage walls during height adjustments.

SC900DLX

6-Function Hand Control Pendant

The electric Hand Control features bright, universal symbols and allows residents and staff to easily operate the comfort controls of the bed.

Adjustable Mattress Deck

With adjustable bed-end brackets and corner mattress keepers, the SC900DLX beds are expandable from 76" to 80".
