

Direct Supply Panacea[®] ImmersaGel[™] Mattresses

Specialized gel technology infused into a honeycomb foam mattress layer provides better comfort and cooling without increasing peak pressure

Benefits

- Open cell visco elastic top layer with die-cuts provides comfort and a cooler sleep surface
- Based on the same clinically proven platform as the Direct Supply[®] Panacea[®] Mattress Immerse[™] with the added benefit of cooling gel
- Resilient cross-link soft-polymer gel won't dry out, leak or bottom out
- Four-way stretch cover is low shear, antimicrobial, fluid resistant and breathable with fluid-proof bottom; allows for maximum resident immersion and envelopment
- Available with raised perimeter sides

Specifications

- 350 lb. capacity
- 2 layers of foam
- Complies with 16 CFR 1633, TB603, CA #129, CA #117
- 5-year non-prorated warranty on foam
- 4-way stretch cover
- 5", 39" and 42"W
- 76", 80" or 84"L
- 6"H

Cover

Four-way stretch top cover allows for maximum resident immersion, features concealed zipper to prevent skin tears and protects foam from liquids

Top layer of foam and gel

Gel technology infused into a honeycomb-pattern foam mattress layer for enhanced comfort and cooling

Head & Heel Section

Die-cut, soft foam top layer in the head and heel area for pressure redistribution and shear force reduction; die-cut top layer also permits airflow to help keep the mattress cool and dry
