

# Digital column scale with eye-level display

**seca**  
Precision for health

## seca 777

- + Medical-grade, robust scale for years of use with high patient volume
- + Built-in measuring rod with 4 – 90 inch measuring range
- + USB interface for PC connectivity
- + Large rubber coated castors for excellent movability
- + Oversized, low-profile full metal platform
- + 8-year warranty (4x the industry standard)
- + Optional: handrail seca 477 provides extra patient security
- + Optional: panda bear facilitates measuring and weighing of children

seca 777

# Digital column scale with eye-level display

## Cost-effective without any compromises in quality

The seca 777 puts unstable and inaccurate weighing and measuring to an end. It boasts a tilt-proof full metal platform and a stable single piece column. The eye-level display and ultra sturdy base provide comfort and security. It is a quality every patient will notice, as soon they set foot on the platform. The scale is easy to move by staff due to the large rubber coated castors and a wide wheelbase.

### Scale

|                    |  |
|--------------------|--|
| Capacity           | 550 lbs / 250 kg   |
| Graduation         | 0.2 lb / 100 g   |
| Dimensions (WxHxD) | 16.1 x 53.4 x 22.7 in / 410 x 1,356 x 576 mm                   |
| Platform (WxHxD)   | 13.8 x 2.3 x 16.5 in / 350 x 59 x 418 mm                       |
| Net weight         | 28 lbs / 12.7 kg   |
| Power supply       | Batteries, Power adapter (optional)                            |
| Functions          | TARE, HOLD, lbs/kg switch-over, lbs/kg switch-over lock, BMI   |
| Interfaces         | USB  |
| Accessories        | + Power adapter 401<br>+ Panda seca 459<br>+ Handrail seca 477 |

### Measuring rod (included)

|                 |                         |
|-----------------|-------------------------|
| Measuring range | 4 – 90 in / 10 – 230 cm |
| Graduation      | 1/8 in / 1 mm           |

## Optional handrail for increased patient stability

To accommodate patients in need of extra support during the weighing process, the seca 777 is equipped with the option to add an integrated handrail (seca 477). The easy-to-mount handrail raises patient security to a new level. The measuring rod is securely attached to the column and provides a wide measuring range that is suitable for pediatrics to tall individuals. In addition, we've added extra space between the column and the platform to ensure the highest comfort.

## Sturdy construction and quality you can trust

As the world market leader in medical measuring and weighing, we put all our experience and knowledge in the development and design of the seca 777. This includes extensive and stringent endurance tests that simulate more than ten years of daily usage. We made sure, that even after thousands of height and weight measurements and thousands of button presses, the seca 777 will work smooth and reliable as it did on the first day.

### Handrail seca 477 (optional)

|                    |  |
|--------------------|--|
| Dimensions (WxHxD) | 16.9 x 44.2 x 12.2 in / 429 x 1,122 x 309 mm |
| Net weight         | 8.8 lbs / 4 kg                               |

We reserve the right to make modifications.
