

# Attendant® Fingertip Pulse Oximeter with Respiration Rate

## Benefits

- Features respiration rate assessment to quickly assess breathing rate while obtaining pulse rate and SpO2
- Bluetooth capability allows data to be sent wirelessly to select EMRs\*
- Accurately measures the oxygen level in both the arteries and veins with proprietary algorithm
- Auto-shutoff mechanism activates after 30 seconds of no use
- No need for calibration
- Includes two AAA batteries and lanyard
- 2-year limited warranty

**#2RM2T** Attendant® Fingertip Pulse Oximeter with Respiration Rate

\*Additional components required for connectivity. Call Direct Supply for details on pricing and availability.

Specifications	
Dimensions	2.36" x 1.28" x 1.19"
Weight	0.88 oz. without batteries
Performance Requirements	
Respiration Rate Accuracy	+/- 1 rpm at 4rpm - 45 rpm
SpO <sub>2</sub> Accuracy	+/-2% at 70% - 100%; undefined at less than 70%
Pulse Rate Accuracy	+/-2% over range of 100 - 250 bpm, +/-2% over range of 30 - 99 bpm, undefined under 30 or over 250 bpm
Perfusion Index Accuracy	PI of 0.2% - 1.0%: ±0.2 digits, PI of 1.1% - 20.0%: ±20%
SpO <sub>2</sub> Range	0 - 100%
Pulse Rate Range	30 - 250 bpm
Perfusion Index Range	0.2% - 20.0%
