THE MARKETLAB STORY

At Marketlab, we've been pioneering healthcare solutions for over 30 years. From our very first invention, the Tube Jockey, to a comprehensive range of healthcare solutions under our expanding brand family, we focus on making the day-to-day lives of healthcare professionals easier and more fulfilling.

Today, Marketlab is a trusted partner for most U.S. health systems, offering products that cater to the real-world demands of healthcare environments.

MARKETLAB IS MORE THAN JUST A SUPPLIER, WE ARE A DEDICATED PARTNER IN HEALTHCARE EXCELLENCE.

HOW WE'VE GROWN

Since 1994, Marketlab has grown from a pioneering startup to a leader in specialized healthcare products. Our journey has been marked by strategic growth and thoughtful acquisitions. With nine brands in the Marketlab portfolio, we are able to provide comprehensive solutions across all aspects of healthcare delivery, from anesthesia to medical bags and everything in between.

Utilizing our broad product portfolio, focusing on low-to-mid volume products, healthcare facilities can reduce the time and effort spent on procurement, and focus on what truly matters — patient care.

Heaven on Wheels

Work doesn't always come to you, so you need a convenient way to bring all the tools of your trade wherever they're needed. From organizing and storing equipment to transporting essentials, Marketlab carts respond to the way you work. In fact, many of our carts have been designed with direct input from the people who use them every day to make them work even harder. Almost as hard as you work.

QS Get What You Need, Fast

Our Quickship program ships durable, top-quality products to you in as little as 10 business days — no hassle, no waiting. When lead times matter, we deliver, so you can keep moving forward. Just look for the "Quickship Available" icon inside.

INSIGHT CARTS BUILT FOR CARE. DESIGNED FOR YOU.

The Insight Story

How do you create the most supportive line of healthcare carts ever made? Talk to the people who use them. We asked healthcare professionals what they liked most about their carts and what improvements they'd like to see. Our findings directly influenced our redesigns, creating the most comprehensive, thoughtful line of healthcare carts ever.

Minimizing stress. Maximizing productivity.

Supporting you is the heart of the Insight story. The thoughtful design of these carts shows up in features like:

- A lightweight frame that's easy to maneuver
- Quiet-rolling wheels for minimal disruption in patient areas
- One-handed access to storage and supply solutions

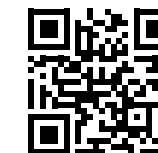

With Insight, there's more inside.

Our carts pack a lot of storage into the smallest possible spaces. We also make them easily configurable because no two facilities have the same exact needs. As your supply or equipment storage needs change, you can truly make them your own by adding different accessories.

Great today. Better tomorrow.

Insight brings continuity to healthcare spaces with a unified design aesthetic and a consistent approach to delivering ample storage, greater maneuverability, and effortless productivity. We make Insight to be the smartest choice you can make today and one you'll feel even smarter about tomorrow.

PHLEBOTOMY CARTS

Designed to support seamless blood collection, our phlebotomy cart portfolio includes both cabinet-style and pole-style options — giving you the flexibility to choose the setup that best fits your workflow. Cabinet-style phlebotomy carts provide enclosed storage for secure organization of your supplies with drawers and compartments to keep everything in place. Pole-style carts provide an open-access design for quick procedures and mobile collections. Both styles feature smooth-rolling casters, ergonomic designs, and durable construction to support seamless patient care.

Titan Draw Carts with Auto Lift

Reliability and convenience combine to create these innovative, ergonomic phlebotomy carts, which are perfect for your facility. Every feature is designed for safety and ease of use. The autolifting knob easily adjusts work-surface height for convenient, comfortable access, while durable twin-wheel casters provide smooth, silent transit over any surface. All Titan Carts come with sturdy five-star bases, integral multiaccess handles and antimicrobial, rimmed work surfaces. Plus, every piece of the cart can be taken apart for cleaning to help reduce HAIs.

INSIGHT SUPPLY-STYLE CARTS

Insight® Pilot Tilt Bin Storage Cart

ML34660

The Insight Pilot Tilt Bin Storage Cart is designed for high-capacity organization, making it easy to store, sort, and retrieve frequently used supplies. With its dual-sided design, users can quickly locate items without digging through clutter, keeping workflows smooth and efficient. In addition to its ample storage, this cart provides a sturdy workspace, offering a convenient surface for paperwork, devices, or task preparation. Built for both mobility and stability, it moves effortlessly while securely holding a substantial load. Thoughtfully constructed for durability and ease of use, this cart is a versatile solution for organized, high-volume storage.

Insight® Slim Storage Cart

ML60874

A perfect fit for narrow spaces and busy hallways. Its unique profile and configuration allow for smooth navigation while still offering ample storage options to keep essential supplies organized and accessible. The combination of clear bins, removable trays, and additional drawers ensures that everything has its place, making restocking and retrieval quick and efficient. Built with secure storage in mind, it keeps contents protected while maintaining visibility for easy inventory checks.

Lockable Storage Cart

ML23062-WH

The Secure Supply Cart stands out for its balance of security, convenience, and durability. Unlike standard carts, its lockable roll-top door protects supplies without sacrificing accessibility. The narrow design fits into tight spaces, making it ideal for crowded medical settings. Lightweight yet tough.

SPECIALTY CARTS

Every healthcare task comes with its own set of challenges — our specialty carts are built to meet them. Designed for precision, efficiency, and adaptability, these carts provide the right balance of storage, accessibility, and ergonomic support to keep workflows smooth and organized.

SPECIALTY CARTS

INSIGHT MODULAR CARTS

Insight® Modular Cart Base with Accessory Rack

ML110472

Built for Communication. For departments that need more than just mobile storage, the Insight Modular Cart with Backboard enhances organization and efficiency with a built-in backboard that doubles as a dry-erase board, making it ideal for teams that rely on real-time notes, reminders, or instructions. The side rail system on the cart itself expands customization potential, accommodating a variety of accessories to enhance usability. This cart features lockable drawers, a transparent cubby, and a large worksurface, ensuring security and accessibility. With its lightweight yet durable aluminum frame and smooth-rolling casters, it's ideal for departments that require both modular storage and integrated communication tools to streamline workflows and improve efficiency.

Insight® Modular Cart

ML110399

Built for versatility and efficiency, the Insight Modular Cart is designed to adapt seamlessly across different departments while maintaining a compact footprint. Purposely designed to make adding or changing accessories quick and easy, it allows facilities to configure the cart based on their specific needs. With three spacious drawers, a transparent-door cubby, and a large worksurface, it keeps essential tools organized and within reach.

SPECIALTY CARTS

INSIGHT MICROSCOPE CART & ACCESSORIES

Insight® Mobile Microscope Cart

ML53183

Designed specifically to assist cytology departments, labs, and fine-needle procedures, the Insight Mobile Microscope Station can comfortably accommodate up to three people working simultaneously. The microscope plate rotates 360° for full control of the microscope from any side of the station. Two adjustable angled worksurfaces flip up to give each user their own workspace. Store more supplies in two 5" drawers and a large cupboard, all lockable with the electronic lock. With the Insight Mobile Microscope Station, productivity and efficiency follow your lab staff everywhere.

SPECIALTY CARTS

IV START CART

Insight® IV Start Cart

ML104693

This mobile workstation is designed to conveniently store IV and epidural supplies, increase clinician comfort, and enhance safety. Two worksurfaces create easier accessibility for clinicians, whether standing or sitting on any side of the cart. Five drawers reduce the need for constant restocking while also keeping IV essentials close at hand. The lightweight frame is easy to maneuver on any surface and durable enough to stand up to demanding healthcare environments.

Keyboard and Monitor Mount

ML53186

Can be mounted to ML53184.

Riser

ML80936

Supports laptops and provides raised writing surface.

Monitor Mount with Height Adjustable Arm

ML53184

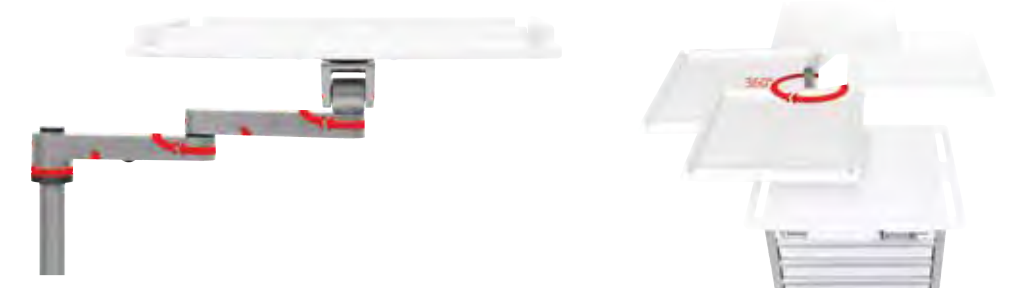

Easily pivot, tilt, and rotate monitors.

Laptop Holder

Supports laptops and tablets. Can be mounted to ML53184 (as shown).

Three-point adjustable arm allows 360° motion for optimum placement of the second worksurface

PROBE & ENDOSCOPE STORAGE CARTS

Proper storage and transport are essential to maintaining the integrity of delicate probes and transducers. Our specialized carts and trays are designed to prevent cross-contamination, streamline access, and protect sensitive equipment during handling. Whether you need secure transport for ultrasound transducers, quick-access shelving for high-traffic areas, or dedicated compartments for organizing probes, these solutions enhance workflow efficiency while keeping essential imaging tools safe, accessible, and ready for use.

PROBE & ENDOSCOPE STORAGE CARTS

Mobile Ultrasound Transducer Cabinet

ML104820

Effortlessly transport and protect your ultrasound transducers with a cabinet designed for convenience and security. Smooth mobility allows for quick access across multiple rooms, while ample storage keeps essential supplies within reach. The vented design helps maintain optimal conditions, and a transparent, lockable door provides both visibility and protection. With dedicated space for up to three probes, this cabinet enhances organization, efficiency, and equipment longevity in any imaging environment.

Insight® Multipurpose Storage Cart

ML34399

Designed for fast-paced, space-limited environments, this cart has an open-shelf design for quick access to supplies without opening drawers. While it comes with four molded organizers (3-, 4-, 5-, and 12-compartment), it can hold up to five, which can be swapped out for Ultrasound Transport Trays (ML41235). Ideal for transporting clean and dirty probes across the hospital, this cart helps meet compliance standards while keeping supplies organized and mobile.

Ultrasound Probe Transport Trays

MOBILE PPE INFECTION PREVENTION STATIONS PREMIUM ISOLATION CART

Premium Infection Prevention PPE Isolation Cart

CT300-0000

Designed to be the most full-featured mobile storage solution for PPE and isolation essentials, the Bowman Premium Infection Prevention PPE Isolation Cart encourages compliance with proper protection and hygiene protocols. Loaded with designated spaces for PPE dispensers such as gloves, gowns, masks, and other equipment, this cart includes customizable storage that adapts to changing needs. It's an ideal solution for high-traffic environments requiring maximum accessibility and hygiene control.

MOBILE PPE INFECTION PREVENTION STATIONS

STANDARD ISOLATION CART & ACCESSORIES

Standard Infection Prevention PPE Isolation Cart

CT200-0000

Offer quick access to PPE in isolation areas with customizable storage spaces that adapt to your needs. This isolation cart features organized compartments for a variety of PPE, making it perfect for moderately equipped isolation or clinical areas that need flexible storage options. Effortlessly and quietly maneuver the cart throughout your space on any surface. The smooth, easy-to-clean surfaces support infection control, which is especially important in isolation areas.

Document Holder

PA001-0000

Keeps important documents easily accessible and securely in place.

Bin Holder

PA002-0000

Provides a designated space for bins, optimizing storage and accessibility.

Folding Workspace

PA010-0000

Expands the cart's surface area for additional workspace when needed, then folds away to save space.

MOBILE PPE INFECTION PREVENTION STATIONS

MINI ISOLATION CART & STEEL ISOLATION STATION

Mini Infection Prevention PPE Isolation Cart

CT100-0000

Designed for quick, convenient access to PPE anywhere you need it, this highly maneuverable cart includes ample space for all your essentials. Organized compartments offer quick PPE access, while smooth, easy-to-clean surfaces support infection control. A practical, efficient solution that brings PPE closer to point-of-care areas without taking up much space, this isolation cart is a cost-effective solution that works hard wherever it's needed.

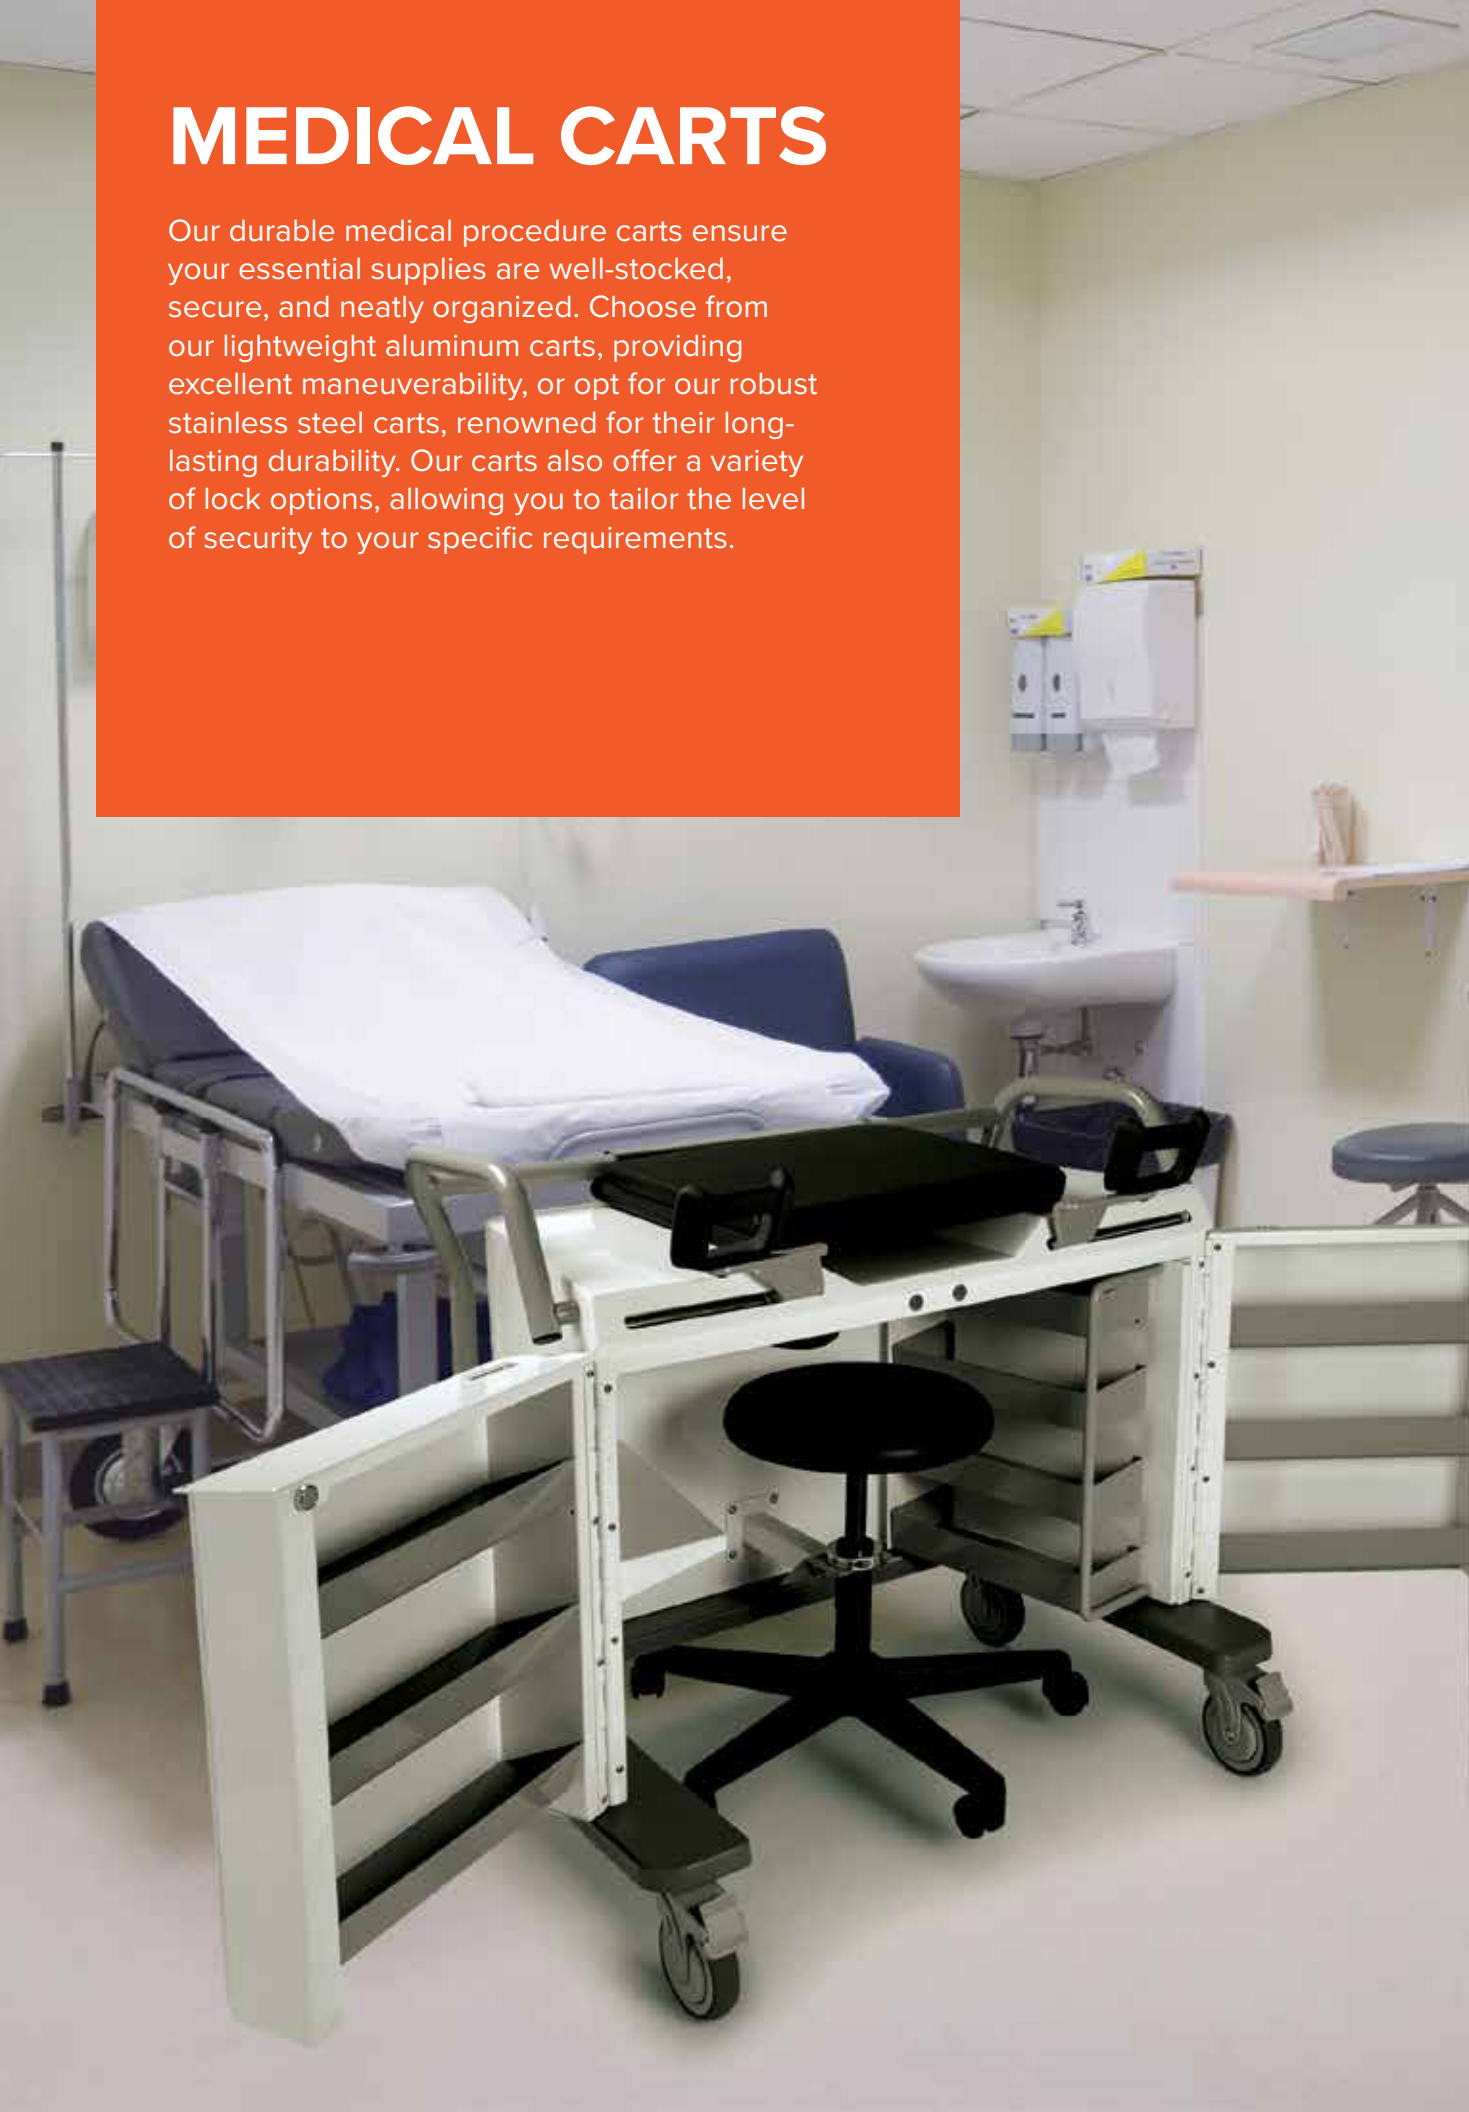

Aluminum and Coated Steel Mobile Isolation Station

CT030-0000

Stay prepared with an isolation station designed for fast access and seamless mobility. With ample storage for essential PPE, it keeps supplies organized and within reach, helping reduce downtime and improving workflow. Durable construction ensures long-term reliability, while smart design features help staff maintain compliance with ease. Whether stationed in one place or rolled where needed, this unit supports infection control without slowing you down.

MEDICAL CARTS

Our durable medical procedure carts ensure your essential supplies are well-stocked, secure, and neatly organized. Choose from our lightweight aluminum carts, providing excellent maneuverability, or opt for our robust stainless steel carts, renowned for their long-lasting durability. Our carts also offer a variety of lock options, allowing you to tailor the level of security to your specific requirements.

MEDICAL CARTS

GYNOCART & ACCESSORIES

Insight® GynoCart™ with Exam Light

ML138017

Bring the Exam to the Patient

Every patient deserves a dignified exam — even in the fast-paced emergency department. The Insight GynoCart eliminates makeshift setups by instantly converting any stretcher into a functional gynecologic, urologic, or proctoscopic exam table. Just wheel it into place at the end of the stretcher and you'll be able to provide a safer, more comfortable experience for your patients — no risky transfers required. The optional exam light enhances visibility, ensuring medical professionals can perform thorough bedside exams with the ease of a full exam table.

MOBILE SUPPLY CARTS

Preconfigured Options for Fast & Easy Ordering

The interior walls are lined with Panelogic™ panels that hold the shelves and bins. They feature runners and stoppers that allow full extension of any shelf or bin accessory without the worry of the accessory falling out.

Accessories are easily moved so you can rearrange them to meet your changing supply needs. They're also fully removable for easy restocking and cleaning.

ISO 60-40 Panelogic Interior Cell Panel System increases Storage Capacity by up to 30% compared to traditional shelving.

The exterior steel walls provide superior stability during transport, durability to extend the life of the carts and are easily cleaned with standard hospital disinfectants.

The Panelogic interior panels are also made of steel to prolong their life and are seamless so germs have no place to hide.

ONLINE CART CONFIGURATOR

USE OUR
CART CONFIGURATOR
TO BUILD YOUR IDEAL CART

marketlab.com/all-configurable-carts

1. SELECT YOUR CART SIZE

Insight Carts are available in a range of sizes that can be tailored to any application. Carts are available in 1, 2, or 3 columns that can be configured according to the Panelogic™ cell capacity.

2. SELECT YOUR ACCESSORIES

Configure your cart with a variety of accessories, including shelves and bins in multiple sizes, as well as a locking drawer or a catheter box and rack.

3. SELECT YOUR DOOR, LOCK, AND TOP OPTIONS

You can choose a tambour or tempered glass door, a keyed or electric lock, and a standard or sloped cart top.

For inquiries and no-obligation quotes, please contact your Marketlab Account Manager. If you need assistance being connected with your Account Manager, call 800.237.3604.

As part of our goal to make delivery and set-up a seamless process, all of our carts are shipped on pallets with integral ramp for easy deployment on-site.

MOBILE WORKSTATIONS

Bring technology to the point of care with mobile workstations that enhance productivity and patient interaction. Ergonomic designs, integrated storage, and power management options allow clinicians to chart, research, and communicate efficiently — all while staying mobile and engaged with patients.

MOBILE WORKSTATIONS INSIGHT TELEHEALTH CARTS & ACCESSORIES

Insight® Mobile Laptop Cart with Storage

ML108203

With a generous work surface and two drawers to hold a shift's worth of supplies, the Insight Mobile Laptop Cart with Storage lets you roll up to your next patient quickly, quietly, and ready to start the exam.

Insight® Standard Laptop Cart

ML108202

The Insight Standard Laptop Cart offers an unencumbered, secure, mobile workstation designed for the tech needs of today's healthcare professionals. The smooth work surface provides ample space for a laptop plus a few supplies.

Insight® All-In-One Telehealth Cart

ML108204

With three-point adjustability, you'll get the precise camera angle you want at the height you need from the independent tilt and swivel monitor adjustments, and the work surface height adjustment. Designed for all-in-one computer/monitor units.

Accessory Pack

Includes disinfectant holder and double glove dispenser. Mounting hardware included.

Available Options

ML108207 For Telehealth Cart

Power Pack

Arrives pre-installed when ordered at same time as cart. Can be added in the field with some assembly required.

Available Options

ML108206 For Laptop Carts
ML108208 For Telehealth Cart

MRI CARTS

MRI environments demand equipment that's just as safe as it is functional. Our MR-conditional carts are designed to meet your safety standards while keeping essential supplies organized, accessible, and mobile. Whether you need high-capacity shelving, lockable compartments, or specialized storage for coils and linens, our MRI carts help maintain a clutter-free, efficient workspace — so you can focus on patient care without interference.

MRI CARTS STORAGE CARTS

Deluxe MRI Lab Cart

ML11922 

High-capacity deluxe cart offers versatility along with more than 17 sq ft of movable storage space. HDPE top provides a completely inert work surface. Three equal-sized drawers slide on glides. Glove/Wipes dispenser on both sides. Add more surface space with the optional extended top.

Space-Saver MRI Cart

ML11297 

At only 17" wide, this cart easily navigates through narrow openings and makes excellent use of its 35" of height. Three deep drawers and one large, shielded compartment in the bottom are great for bulk storage. The sides are made from ABS, and the top and bottom are HDPE.

Wide MRI Lab Cart

ML12259 

High-capacity storage with three extra-wide drawers and compartments and built-in handles for easy moving. HDPE top and bottom. One large compartment with hinged acrylic door offers easy viewing and storage of bulk items.

MRI Multipurpose Cart

ML39993 

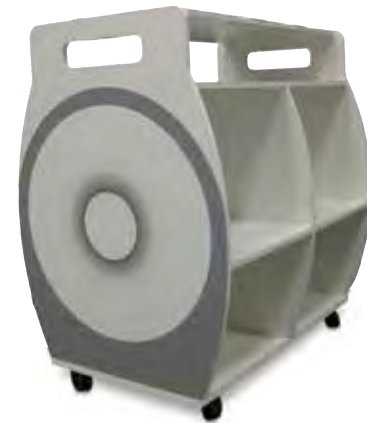

Function and efficiency have combined to create a cart that's MR-conditional to 3T. Five spacious shelves are perfect for holding everyday essentials, while a flat top creates additional workspace. Includes four compartmentalized trays for easy organization.

Lockable Rolltop MRI Cart

ML12143 

Protect your most important regulated or controlled substances while adding the convenience of mobility and saving space with innovative rolltop doors that don't swing into your knee.

Coil Cart

ML12519 

Store all your coils, phantoms, and cradles in one convenient, mobile location. Holds 6+ coils including NV and CTL. Four swivel, locking casters for ease-in mobility. MR-conditional to 3-Tesla.

In an MRI suite, equipment safety is just as critical as patient care. Our MR-conditional carts are built to meet ASTM standards, ensuring compatibility with 3T and lower environments without compromising performance. Whether for anesthesia or emergency response, these carts provide secure storage and easy access to vital supplies, keeping workflows efficient and organized. Designed specifically for MRI settings, they help you stay prepared while maintaining a safe, interference-free workspace.

MRI Cart with Emergency Package

ML12482-RD 

Available Options

- ML12482-RD 6-Drawer
- ML11039-RD 6-Drawer, Narrow

- ML12019-WH 6-Drawer
- ML11788-WH 6-Drawer, Narrow

MR-Conditional PVC Storage Cart

ML12299-GY

Need more than just shelf space? This MR-Conditional cart offers four spacious shelves plus eight drawers, giving you the flexibility to store both linens and essential supplies in one organized unit. While a standard linen cart works for bulk storage, this model keeps smaller items neatly contained and easily accessible — perfect for MRI suites that require both capacity and organization.

Available Options

- ML12299-WH Vinyl Cover
- ML11422-WH Mesh Cover

ADDITIONAL COLORS AVAILABLE

MRI PVC Linen Cart

ML12051-WH 

Function and efficiency have combined to create a cart that's MR-conditional to 3T. Five spacious shelves are perfect for holding everyday essentials, while a flat top creates additional workspace. Includes four compartmentalized trays for easy organization.

Available Options

CASE CARTS

Sterility and security are critical in surgical settings, and our case carts deliver both. Designed for safe transport of sterile instruments and surgical kits, these carts protect contents from contamination while offering easy access when it's time to set up for a procedure. Durable and easy to clean, they keep surgical workflows efficient and compliant.

CASE CARTS

Open Case Cart

Durable steel wire or solid stainless steel. Rounded corners so there's nothing for sterile packaging to snag on.

Available Options

ML107999 Solid Shelves
ML107998 Wire Shelves

Double Door Case Cart

ML3890

Protect your most important regulated or controlled substances while adding the convenience of mobility and saving space with innovative rolltop doors that don't swing into your knee.

CASE CARTS

CLOSED CASE CARTS

Surgical staff can transport fully loaded case carts throughout the facility with the doors closed for increased protection and cart cleaning is a simple and easy task. We offer options that meet a variety of different surgery needs including neurosurgery, general surgery, outpatient surgery, labor and delivery, and more. We also offer space saving solutions that take up less floor space while being able to handle more extensive procedures.
