

Gram Scales

Model **SR300/310/320/325**

When your weighing needs require gram accuracy, the SR300 Series is the right tool for the job. Available in four different weight ranges, the SR300 Series can handle a variety of tasks from nutritional portion measurements to sub-gram measurements for tracking neo-natal diaper output.

Constructed of high-impact plastic, the SR300 Series is as durable as it is functional.

The SR300 Series is available up to 5000 gram weight capacity with 1 gram resolution (model SR320) and 500 gram weight capacity with a 0.1 gram resolution (model SR325).

SR300

2000 grams x 1 gram resolution.

SR320

5000 grams x 1 gram resolution.

SR310

200 grams x 0.1 gram resolution.

SR325

500 grams x 0.1 gram resolution.

BATTERY OPERATED

4 "AA" batteries. Auto Power Down (APD) approximately 120 seconds.

OPTIONAL EQUIPMENT

Dietary portion scale

Diaper scale
