 GF Lumex LF1050: **DPL450-SBAR**  
 Medline: MDS400EL: **MDS450CRD**  
 Medline: MDS88200D: **MDS88200DCR**

APTURA / EQUIPMENT & FURNISHINGS / DSSI / TELS

Direct Supply multi-brand slings have been tested with a variety of lifts, as detailed in this guide. When purchasing this sling for use with a non-Direct Supply branded lift, customers must be aware of the following:

1. The use of this sling with a non-Direct Supply branded lift may void the warranty of the lift. Customers are advised to check the warranty period on their lifts before making a sling purchase.
2. State surveyors may require documentation showing that the Direct Supply branded sling is appropriate for use with a non-Direct Supply branded lift. We recommend that you keep a copy of the sling compatibility guide with your other product manuals and materials.
