

Panacea® 3250

Adjustable-Height Low Bed

Resident Comfort

- Auto Contour moves the head and knee sections at the same time to help maintain proper resident position during position changes to help minimize shearing
- Optional width and length extension kits allow you to re-size an existing bed from 35" to 39" or 42"W and from 80" to 84"L, helping you meet the needs of different residents easily and affordably
- Pendant features comfort chair button to help keep the resident's hips and shoulders aligned when in the seated position while also providing additional clinical benefits

Reliable

- Mattress keepers help prevent mattress from shifting while the bed locator bar protects walls from damage
- Quick and easy to clean rib deck
- Synchronized motors keep the bed level throughout height travel
- Available in both roll-in-low-only and mobile-at-any-height configurations
- Optional color-coded two-pedal locking system is centrally positioned at the foot end of the bed on mobile-at-any-height configurations
- Meets IEC 60601-2-52 standards

Easy to Use

- Backlit hand pendant makes bed adjustments during the night easy for residents and staff
- Assists, extension kits and end panel brackets can be installed tool-free and feature quick-release technology
- Pre-set safety pause minimizes risk for crushing overbed tables and other equipment that may be under the bed; this setting also provides a pre-set transfer height to aid in egress and ingress
- Optional staff control is integrated in the foot panel that allows for select functions to be locked out to assist with clinical needs and aid in repositioning
- Optional staff control features additional trendelenburg and reverse trendelenburg to aid with repositioning and other clinical needs

Panacea® 3250

Adjustable-Height Low Bed

#B9G93

End Panel Finishes
