Stacking:

The Silverpine Bench is non-stacking.

Frames:

Aluminum tubing is formed and welded to create a lightweight and high-strength chair. Welded joints are ground down and blended for a seamless transition.

Seat Suspension:

Blended foam & fiber with solid deck.

Finish Details:

A durable double-coating process combining powder coating and wood grain heat transfer is applied to the aluminum frame, ensuring long-lasting performance suitable for commercial environments.

Leg Options:

Leg ferrules available in brass or brushed chrome.

Floor Glides:

All chairs ship standard with metal floor glides with an option of nylon glides.

Regulations:

All chairs are CA117-2013 and TSCA Title VI certified.

Warranty:

12-year warranty on the chair frame. Warranty does not cover damages to chair or surfaces caused by casters. 2-year limited warranty on the seat and backrest foam. Fabric manufacturer's warranty on fabric.

Customization:

Use of multiple fabrics available for an upcharge.

Accessories:

Transport Dolly available (60 lb. capacity)
Magic Sliders for Standard metal floor glides

* Fabric requirement for one chair includes the seat and backrest
* The estimated fabric requirement is based on 54"W (137 cm) material. The actual amount required may vary depending on pattern, pattern matching, material width or use of multiple fabrics
* The fabric on the backrest is visible from the rear view of the chair
* Different fabrics on seat and backrest is possible
