### Frames:

7/8" plywood from managed sources. All joints are interlocking and/or glued, screwed and stapled for added strength and rigidity.

### Seat Cushion:

5" layer of 30 ILD/2.6 density foam wrapped in foam batting.

### Customization:

Custom welting is available for an upcharge. Use of multiple fabrics is also available for an upcharge. Nailheads are available on the outer edge of the top of the arm. Button tufting is available as an optional upgrade

### Power Reclining Mechanism:

Power inclining mechanism operated by buttons, which are located on both sides on the loveseat and on the outside arm of the user's right side on the lounge chair. The toggle switch also has a USB port.

### Manual Reclining Mechanism:

Standard 3-position push-back incliner mechanism operated by a lever between the seat cushion and armrest. Lever is on both sides for the loveseat. The lever for the lounge chair is located between the seat cushion and armrest on the user's right side.

### Packaging:

Chair ships on a pallet in the upright position, and the loveseat ships on a pallet placed on its side. Legs are detached for both pieces. Incliner is wrapped in plastic and shipped inside of a box.

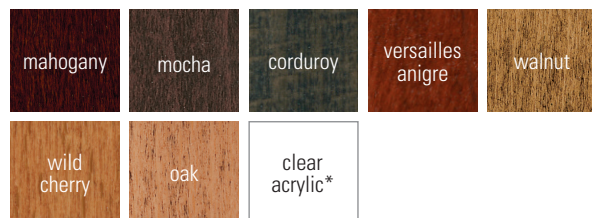

### Floor Glides:

Nylon.

### Limited Warranty:

10-year limited warranty on frame and mechanism.  
3-year limited warranty on foam.  
Fabric manufacturer's warranty on fabric.

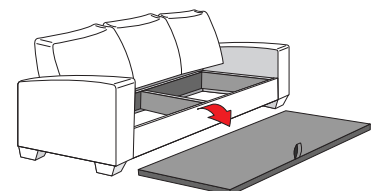

### Leg Finish Options:

\*Clear acrylic leg option is available for an upcharge

### Preferred Seat Decking:

A removable cushion and vinyl decking that easily lifts out of the frame for easier cleaning of the chair itself and the floor below.

\* The estimated fabric requirement is based on 54"W material. The actual amount required may vary depending on pattern, pattern matching, material width or use of multiple fabrics.
